

DEFYING THE POWERS

Chinese Intrenching to Resist the Entry of Foreign Guards.

SITUATION SERIOUS.

Guns Trained on American Missions and British Legation—Conger Asks for 2000 United States Troops—Several Attacks.

London, June 14.—The Chinese are entrenching outside of Pekin to oppose the advance of the international column. A dispatch from a newspaper correspondent at Tien Tsin, dated June 13, says: "I learn that the Chinese have guns trained on the American mission and the British legations. Two thousand Russian cavalry and infantry, with artillery have landed at Taku."

Shanghai correspondents reports that United States Minister Conger, by courier, asks for 2000 United States troops.

The question of provisioning the relief force is already difficult and it is expected that it will become acute.

The leading members of the reform party, representing 15 out of 18 provinces, are at Shanghai. A dispatch to the Daily Mail says they are sending a petition to the United States, Great Britain and Japan praying those powers to take joint action against any attempt on the part of any other powers to partition the empire and they implore the powers thus addressed to rescue the emperor.

A dispatch from St. Petersburg says that the ships of the Russian Pacific squadron on the active list, as well as those at Vladivostok, have been ordered to proceed with all haste to Chinese waters.

The foreign office confirms the report of an engagement between the troops of the international column and the boxers on Monday. It says that "about 35 Chinese were killed."

Pekin appears to be completely isolated. None of the morning papers of news agencies has a word from there direct. The latest message received in London is the one announcing that the Chinese are entrenching outside the capital.

CRITICAL INDEED.

Chinese Have Guns Trained on Some of the Legations at Pekin.

Shanghai, June 14.—The positions of the legations at Pekin are most critical.

Thirty thousand Chinese troops are drawn up outside the gates of the city to oppose the relief force and guns are trained on the American, British and Japanese legations. American, Russian and Japanese ministers have sent couriers to Tien Tsin asking for 2000 troops of each nationality. United States gunboats Yorktown and Castine left here for Tong Ku. There is no foreign warship now here.

A dispatch from Chung King says a riot has taken place at Yun Na Fu. The buildings of the China Inland mission were partially destroyed and those of the Roman Catholic and Bible Christian missions were utterly demolished. All or the missionaries are safe. Russian troopship passed up Yang Tse Wednesday. It is reported that her troops will be landed at Hankow, but Russian officials at Shanghai explain the transport has merely gone to Hankow to load for Odessa and the troops on board are time expired men on their way home.

HALF WAY TO PEKIN.

The International Troops Have Reached Lang Fang on Road to Pekin.

Tien Tsin, June 14.—The international expedition is now at Lang Fang, half way to Pekin. The troops found the station destroyed and 200 yards of the track torn up. Upon approaching the station they found the boxers still carrying a destruction, but the latter bolted into the village upon the approach of the advance party. A shell from a 6-pounder was dropped into the village and the boxers fled up the line.

Above the station a small party was discovered engaged in tearing up the track, but a few long range shots drove them off. The patrol reports that a mile and a quarter of the track has been destroyed. The expedition will remain for the present at Lang Fang.

A courier who arrived from Pekin and Lang Fang brought a letter from the American legation stating that General Tung Fuh Siang intends to oppose the entrance of the foreign troops into Pekin. Ten thousand troops are guarding the south gate. The courier reports that it is said that upwards of 2000 Boxers are in the immediate neighborhood of Lang Fang.

GROWING ALARMING.

Dispatches at Washington Reveal a Bad State of Affairs in China. Washington, June 14.—Official dis-

patches received in diplomatic quarters in Washington show that the rioting in Pekin has reached an acute stage with the rioters directing a number of their assaults against members of the different legations there.

One of these dispatches states that the secretary of the Belgian legation was attacked two successive times on Monday and escaped after being maltreated by the mob.

On the same day two officials of the British legation serving as student interpreters were attacked by a large crowd of roughs. The young Englishmen held the attacking party back for a time, but when the mob threatened to close in on them they drew their revolvers and by a show of force made their retreat without bodily injury.

About the same time the British summer quarters, 14 miles from Pekin were burned down. These quarters were quite extensive and had just been completed. They belonged to the British government and not to Sir Claude MacDonald, the British minister at Pekin, which gives added significance to the depredations.

The killing of the chancellor of the Japanese legation at Pekin is not referred to in the official dispatches received here, but full credit is given to this report by the Japanese officials.

Message from Admiral Kempf.

Washington, June 14.—The following cablegram has been received from Admiral Kempf:

"Tung Ku, June 13.—Secretary of the Navy, Washington—Twenty-five hundred men are on the road to Pekin for the relief of the legations. One hundred are Americans. English and Russians are in a large majority. All nations here are represented. The viceroy at Tien Tsin gave permission to go there. The railroad is being repaired as the force advances. Russians are now sending soldiers from Port Arthur with arms."

Railroad Cut Again.

Tien Tsin, June 14.—Railroad communication between this place and Admiral Seymour's international forces have been cut three miles beyond Yang Tsung. Two bridges have been destroyed. It is rumored here that the boxers are determined to burn Tien Tsin tonight.

Chinese Troops Ordered.

Hong Kong, June 14.—Four companies of Hong Kong regiment, mountain battery and field battery of Asiatic artillery have started for Tien Tsin. The fusiliers expected to sail on the Terrible June 18.

Damage Done to Railroad.

Tien Tsin, June 14.—Owing to the extensive damage done to the railroad line it is now feared international troops cannot reach Pekin before Sunday.

Japanese cruiser Suma has arrived at Taku.

Running Without Protection.

St. Louis, June 14.—All policemen who have been guarding the power houses, car sheds and cars of the St. Louis Transit company since the strike began, have returned to their regular beats. All of the 300 cars are running for the first time since May 18. All lines are being operated without police protection.

Coroner Lloyd has resumed the inquest over the remains of O. Edward Thomas and George Rine, striking streetcar men, who were shot in Sunday's riot.

Helping the Enumerators.

Fort Worth, Tex., June 14.—The enumerators are hard at work here. The government census takers are supplemented by seven men appointed by the board of trade who are canvassing over the ground worked by the regular enumerators. In 19 hours they have found over 1000 additional names. It is believed by the secretary of the board of trade that the enumeration will fall short of the actual population 25 per cent.

Horace Disston Dead.

Philadelphia, June 14.—Horace O. Disston, president of the Henry Disston's Son Iron and Steel works, and vice president of the Henry Disston's Saw works, died at his summer residence at Seneca Point, Md. Mr. Disston had been a sufferer for three years from a dropsical affection, but his death was due to apoplexy. He was a son of Henry Disston.

Boy Shot.

Salem, Ills., June 14.—By the accidental discharge of a cat rifle, Earl Smith, 12 years old, is lying in a serious condition. He was leaning over, with the end of the barrel resting against his stomach and was engaged in fixing the trigger, when it was discharged, the bullet entered his abdomen and passing through the bowels.

Officer Kills a Negro.

Shelbina, Mo., June 14.—Deputy Constable Baker shot and instantly killed Len Moss, a negro. Baker had filed information against Moss on a charge of gambling. Both met and a quarrel followed, with the above result. Baker claims the killing was done in self-defense. He surrendered to the constable.

Two Negroes Shot Dead.

Millican, Tex., June 14.—Hence Williams and his son, Will, were killed

FRIDAY JUNE 15, 1900.

Anyhow, Texas has escaped a base ball league this year.

Bryan still maintains that money, trusts and imperialism are the issues, but he does not indicate which he thinks should be made paramount.

The Chinese empress dowager may or may not be a handsome woman, but no one will deny that she is an attractive figure in international affairs.

The ground taken by Col. L. L. Foster that the state university, A. and M. College and the state normals should be maintained by constitutional provision instead of by year to year appropriations is one which should favorably commend itself to all thinking men. The reasonableness and justice of the demand is self evident.

The interest which is not now represented in annual convention or association is lacking in an element of strength, pleasure and profit. The Farmers' Congress, to convene at College Station in July, meets the demand of the agriculturist, horticulturist, stock breeder, etc., along this line and should have the hearty co-operation of large and small farmers alike.

Lost—At College ball a lady's point lace handkerchief. Will reward finder if returned to this office.

As the hot summer days again are here, children, as well as adults, will be apt to suffer with Prickly heat. Last summer we coined a "prize winner" in the way of a Prickly Heat Powder, which is put up in a pink bag in a box; thereby preventing the waste of powder when using as well as time. EMMEL'S

The Cutting of Weeds.

In every country town the great question in spring in that of weeds. The country newspapers in a few weeks will begin to publish the admonition, "Cut your weeds," and later will follow it by attacks and appeals to the public spirit of the negligent or parsimonious. The Iowa legislature undertook to regulate the matter of weed cutting by statute, and the last general assembly passed a law requiring land owners to cut the weeds on highways and adjacent to their land, and providing that if they failed to comply with the law the weeds were to be cut and the expense charged up against the land. The result has been trouble in every part of Iowa. When the law is enforced there is complaint and when it is not there is complaint, and so the local authorities have had their hands full. At the present session a bill was introduced by Representative Wilson, of Keokuk, to authorize the supervisors to cut the weeds and pay for the work as for any other improvement. The importance of weed cutting being recognized by the villagers and the new law being ineffective, the bill passed the house without difficulty. When it came before the senate, however, it met with the determined opposition of Senators Harriman and Wallace, who declared that the present law should be enforced and the counties' money might better be spent for other improvements. Like the country editors, they believe it is the duty of every man to cut his own weeds. And so the bill failed in the senate. It is just as well that it did. The present law should be enforced, and if any man lacks the public spirit to cut his weeds the country editors will probably see to it that he is mulcted.

New York's New Transit Line.

"The proposed underground electric railway for New York will be the greatest enterprise of its kind in the world," said a man from Gotham the other day. "It will relieve the present congestion of passenger traffic, and will greatly augment Gotham's local transportation facilities. The plan is to have quadruple tracks, which will give rapid transit between the lower part of the city and the resident district of Westchester. Without for tracks there can be no fast express trains, because of frequent stoppages for passengers. It will take five years to finish the tunnel. The road will have an enormous business from the day the first car is started, but the demands of transportation on Manhattan Island are so great that the business of the surface roads and elevated trains will not be affected in the slightest degree."

The Profits on "Harum".

"David Harum" was published by the Appletons, who recently failed, and counsel representing the children of the late Edward Noyes Westcott has now called upon the representatives of the failed establishment for an accounting. As is well known, the book was published posthumously, and the royalty on the sales constitutes the sole support of the widow and children. The book has had one of the largest sales ever known in the book trade, and thousands of dollars were turned over to Mr. Westcott's heirs. Several payments of from \$5,000 to \$10,000 have been made in the last year and a good many more thousands are still due. Just how many have to be determined by the reorganizing committee of the publishers.

CONSIDERING CONTESTS.

All Alabama Contests Must Stay Out of Temporary Organization.

Philadelphia, June 14.—With the arrival of the advance guard and the opening session of the National Republican committee yesterday Philadelphia has a convention air.

The committee had its first formal meeting at the Hotel Walton and immediately began consideration of contests for membership of the convention. These are not so numerous as in previous conventions and relate principally to the regularity of state and district organizations, and many of the present contestants have been before the national committee before seeking admission as delegates. Practically the only contests of importance are those from Delaware and Tennessee, though developments have accentuated the Alabama case.

From Delaware Mr. Addicks is again seeking admission and the fight is especially interesting because of the bearing it may have upon the election of two senators next winter.

The friends of Pension Commissioner Evans and Representative Brownlow of Tennessee are fighting for control of Republican organization of that state, and are both on the ground. As is the case in the Tennessee contest the main point involved in the controversies is the local organization.

The contests from Alabama consumed the entire afternoon and resulted in a decision by the committee not to place the names of any of the contesting delegates of either faction on the temporary rolls of the convention except those from the ninth district. The action of the committee was controlled largely by the fact, developed in the hearing, that Federal office holders have taken a very active part on both sides of the controversy in shaping the result. This circumstance was so persistently brought out that Acting Chairman Payne introduced a resolution late in the session calling upon the president to have their participation investigated.

Practically the only topic of conversation among the Republican leaders, who have arrived in the city, is the selection of a candidate for the vice presidency. Senator Hanna has devoted almost the entire time since his arrival to this question and has been in frequent conference with other leaders on the subject. He says absolutely that no candidate has yet been selected either by the president, by himself or by any one for them.

OHIO DEMOCRATS.

McLean Faction Asks for Nothing and Was Given Nothing.

Columbus, June 14.—After a continuous session of over nine hours the Democratic state convention nominated state officers and selected delegates to Kansas City. It was a slate smashing and a record breaking convention. The McLean men asked for nothing and they certainly got nothing. They helped those who have been opposing them to the places of party distinction and responsibility.

There was a notable absence of the McLean leaders. While some say that Mr. McLean did not want to take any aggressive part on account of the Dowe candidacy, others say he was also willing for others to bear the expenses of the state and congressional campaigns this year and of the Ohio delegation to the national convention.

In the afternoon there was considerable confusion in the convention. Many delegates left on afternoon trains and men who were not delegates answered the call for counties whose delegates had gone home. The more noise and confusion the greater the opportunity of these "professional substitutes" and the convention, at 6:30 p. m., was beyond control and a squad of 20 police were ordered to clear the aisles, and they maintained order for the last hour of the convention.

The ticket, electors and delegates are as follows:

Delegates-at-large to Kansas City—James Kilbourne, Abraham W. Patrick, William S. Thomas and Horace L. Chapman.

Electors at large—General Isaac R. Sherwood and General A. J. Warner. Secretary of state—Harry H. McFadden.

Supreme judge—Allen A. Smalley. Dairy and food commissioner—Ballard B. Yates.

State school commissioner—Prof. J. D. Simpkins.

Blinded by Carbon Bisulphide.

Abilene, Tex., June 14.—A very painful and perhaps serious injury befell C. S. Bass of the Bass Evos. Drug company here. He was unscrewing the bung from a tank of bisulphide of carbon, when the bung flew out with explosive violence, followed by a quantity of gas and liquid carbon, which was dashed into his face, filling his eyes, nose, lungs and throat. The effect was at first similar to that of chloroform. Help came at once and he was taken where he could get plenty of fresh air. He can not bear the slightest light to his eyes. The bisulphide of carbon is used here in great quantities to poison prairie dogs, the liquid being put into their holes, where it turns to a gas quickly and kills them. It is shipped in large metal tanks, which are not entirely filled with the liquid, allowing a certain space for the gas to accumulate. The tank in this case had been filled to full and caused the explosion.

Bishop Wilmer Dead.

Parks & Waldrop,

MENS OUTFITTERS.

Wes Waldrop writes home from Cape Town, South Africa, whither he went on a Cunard liner from New Orleans, being thirty-five days at sea. He is in the employ of the steamship company and will sail from Cape Town to Boston and from Boston to Liverpool.

Misses Edna, Linmore and Jessie Nall entertained a merry crowd of young people last evening at the home of their parents, Mr. and Mrs. R. M. Nall complimentary to their guests, Misses Effie Conroe, Ora Parish, Blanche Gazette and Georgia Griffith of Conroe. Dancing and games were enjoyed to a late hour and elegant refreshments served. No more pleasant social event has marked the commencement season.

The summer school and summer normal opens at the A. and M. College Monday and the prospects are flattering for a large attendance. Fifteen or twenty students have remained for the school and letters are being received announcing the beginning of arrivals by Saturday.

Col. Foster and the others having the work in hand are well pleased with the outlook. The opportunity for instruction and for spending a pleasant and profitable vacation is unsurpassed.

FIVE NEW BATTLESHIPS.

Three Will Be Named for Pennsylvania, New Jersey and Georgia.

New York, June 14.—Secretary Long has made a rather change in the battleship circle. Five identical ships will be called for. For the three authorized a year ago bidders will be called to quote prices both with and without sheathing, because the law stipulated that those vessels should be sheathed with wood and copper. The department endeavored ineffectually to have congress remove this restriction at the last session. Both houses of congress favored the project to omit sheathing, but the clause in the bill to that effect disappeared at the last moment. The other two ships were not affected by the earlier stipulation and the department has decided that they shall not be sheathed.

According to the original design, the ships are covered with a coating of copper on a wooden base applied to the steel skin of the immersed hull, which gives the vessel 15,000 tons displacement. The sheathing is about five inches thick and displaces 400 tons. The unsheathed ships will each, therefore, be of 14,000 tons displacement, and as the horse power is the same in both instances, the unsheathed ships would be faster and will steam a greater distance with the same coal capacity.

The bids are expected to settle beyond dispute the actual cost of sheathing. A clause is retained in the circular permitting the department to alter the batteries within six months after the contract is signed, to provide for superimposed turrets.

The first three ships have been named the Pennsylvania, the New Jersey and the Georgia, and the names Virginia and Washington are proposed for the others.

WHAT BUCKNER SAYS.

Says Gold Democrats Are Stronger Than They Were in 1896.

New York, June 14.—General Simon B. Buckner is in this city on his way to Europe. In the course of an interview he was asked:

"Do you think the gold Democrats will put a ticket in the field this fall?"

"My opinion is that they will not," he replied. "But of course much will depend on the action of the conventions at Kansas City and Philadelphia."

"Are the Democrats numerically as strong as in 1896?"

"Yes, stronger if anything. While it is true that some who voted for us or for McKinley have returned to the Democratic fold, we have gained many recruits. We fought for a principle in 1896 and are prepared to make another struggle if necessary. Neither General Palmer nor myself had any idea of being elected, but we believed we would succeed in saving the honor of the country. That we did and we have also brought about the adoption of the gold standard. The free and unlimited coinage of silver at the ratio of 16 to 1 is dead as an issue, but the Bryanites will try to make it a live one."

"How will the south vote this year?"

"The south will practically be solid for the Democrats. While many southern Democrats will support McKinley's expansion policy, there are not enough of these to overcome the Democratic majorities. Kentucky and Delaware are doubtful. As matters stand I believe they have a fighting chance."

"I believe Kentucky will give its electoral vote to the Republicans. There is a strong feeling among the Democrats that Goebelism deserves a rebuke and that Mr. Bryan injured himself with that class of Democrats by an active part in the campaign in the interest of Goebel."

Wheat Field on Fire.
Reagan, Tex., June 14.—A rather singular incident happened near this place. J. P. Higgins had a fine patch of wheat and oats lying along the side of the railroad northwest of town. The grain was dead ripe, but up to this time he has been unable to harvest it on account of the land being wet and boggy. The grain took fire and in a very short time almost the entire crop burned over like an old-fashioned Texas prairie fire.

Requisition for Taylor Refused.
Indianapolis, June 14.—Gov. Mount has issued a statement of his reasons for declining to honor a requisition from Governor Beckham of Kentucky for the return to that state of W. S. Taylor, who is under indictment for complicity in an alleged plot which resulted in the assassination of Governor Goebel. His principal reason was that he believed Taylor would not get a fair trial in Kentucky.

Failed to Report Smallpox Case.
Corsicana, June 14.—Dr. Phipps, the negro physician who was arrested last week on the complaint of County Health Officer Dr. William Pannill on a charge of failing to report a case of contagious disease, to wit, smallpox to the authorities, had his trial before a jury in the recorder's court and was convicted. His punishment was assessed at \$5 and cost. The case was stubbornly fought.

Yorktown Goes to Che Foo.
Washington, June 14.—The navy department has received a dispatch that the Yorktown has sailed from Shanghai for Che Foo. United States consul at Che Foo informed the state department of boxer disturbances at that place, but no particulars furnished. Che Foo is on the northern coast of Shan Tung Peninsula.

Death of a Veteran.
Austin, June 14.—Richard McGriff, an inmate of the Confederate Home, died at the age of 77. He served in an Alabama regiment and before the war was immensely rich in slaves.

NOTICE.

Notice is hereby given that, pursuant to the resolution adopted by the board of directors of the Calvert, Waco and Brazos Valley Railroad Company at a meeting held at the town of Calvert, Texas, on the 5th day of June, 1900, a meeting of the stockholders of said Railroad Company will be held at its general office, in the town of Calvert, Texas, on the 10th day of August, 1900, at 11 o'clock a. m., for the purpose of authorizing the directors of said Company to apply to the Railroad Commission of Texas for authority to issue bonds of said Company, and also authorizing said directors to make application for the approval by said Commission, and the registration by the Secretary of State of the State of Texas, under the direction of said Commission, of said bonds for such an amount of money as the stockholders may decide to be necessary to pay for constructing, completing, improving, equipping and operating said railroad, not to exceed the value of the part of said railroad constructed, and to be constructed, between the town of Bryan and the town of Marlin, including the terminals at both of those places, and the other property appurtenant and belonging thereto, and the franchises, including the franchise to be a corporation, of said Railroad Company, less the amount of stock applicable to said part of said railroad, and for the purpose of authorizing said directors to execute a mortgage upon said part of said railroad, and said other property and franchises of said corporation to secure the payment of said bonds, said mortgage when executed to be and operate as a first lien upon said part of said railroad, and said other property and franchises of said Railroad Company; and for the purpose also of authorizing said directors to apply to the Railroad Commission of Texas for the cancellation of order granted by said Commission December 23rd, 1899, by which order said Commission authorized said Railroad Company to issue bonds in the sum of One Hundred and Thirty Thousand Dollars (\$130,000.00), and to do and perform all other acts and things necessary in order to the proper making of application for their approval and registration as aforesaid, on that part of its railroad above mentioned and said other property and franchises of said Railroad Company; and to accomplish the ends above mentioned to use all such means and agencies as may be necessary. All stockholders are requested to be present at said meeting.

Witness my hand this 5th day of June, 1900.
J. W. BYARS,
aug 10 Secretary

"THE
ILLUSTRATOR
AND
GENERAL
NARRATOR,"
about
Texas.

A handsomely illustrated monthly magazine, published by the I. & G. N. R. R., giving timely descriptions of the matchless resources and opportunities of Texas; the special subject matter of each issue to date being as follows: March 1899, "Texas;" April, "Houston County;" May, "Montgomery County;" June, "Cherokee County;" July, "Leon County;" August, "Anderson County and Palestine;" September, "Rusk County;" October, "Walker County;" November, "Bexar County and San Antonio;" December, "Brazoria County;" January, 1900, "Harris County and Houston;" February, "Fort Bend and Trinity Counties."

This magazine is of greatest interest to the investor, sportsman, tourist, health seeker and homeseeker; and will be sent free to any one paying the postage, which is 25 cents for one year or 2 cents for sample copy. Back numbers may be had if desired. Please mention this paper. Address, D. J. PRICE, G. P. & T. A., Palestine, Texas.

BOTHA HAS RETIRED.

He Leaves Roberts' Men in Control of His Position.

HIS FORCE ESCAPES.

Not a Prisoner or a Gun Captured and No Loss Was Inflicted—Army in Natal in Touch With Roberts' Headquarters.

London, June 14.—Robert's engagement with Botha terminated as expected, by the Boer commander-in-chief retiring from his position. Beyond driving Botha further from the capitol little seems to have been accomplished as Roberts does not mention the capture of prisoners or guns or the infliction of any loss.

Perhaps the most important feature revealed by official dispatches is the announcement that the army of Natal is at last in touch with Roberts' troops. The accomplishment of this movement, long delayed, should considerably accelerate the pacification of the Transvaal. That it is already bearing fruit as is evidenced by the submission of Wakkerstrem district to Lytleton.

Another dispatch from Buller says Clery encountered no opposition in march from Ingogo to Laings Nek, which he now occupies. General Dartnell marched through Laings Nek Wednesday on the way to Charlestown. Press dispatch says Charlestown was partially destroyed previous to evacuation by the Boers but no damage was done by Volksrust.

In Orange River Colony affairs seem to be returning to the same status as obtained previous to cutting of the line of British communications.

ROBERTS HEARD FROM.

His Dispatches Clear Some Uneasiness Existing at London.

London, June 14.—The dispatch from General Roberts clearing up the situation at Pretoria and along the communications stands alone. Military observers, noting that mention is made of prisoners, assume that General De Wet got away with his forces practically intact.

General Buller entered Volksrust on Wednesday, passed through Charlestown and encamped near Laings Nek. The tunnel was not much damaged. Both ends were blown up but the engineers think that repairs can be effected in four days.

The advance troops of General Buller saw the Boer rear guard, four miles distant, yesterday. It was estimated that 8000 Boers were withdrawing. The townspeople of Ermeolo counted 15 guns.

Three hundred Free Staters, released from guarding Van Reenans Pass, have gone to join President Steyn's command in the eastern part of Orange River colony. General Rundle has sent word to the Free Staters that unless they surrender by June 15, their farms and other possessions will be confiscated.

President Kruger, according to a dispatch from Lorenzo Marques, keeps a locomotive with steam up attached to the car in which he concentrates the executive office of the government and that he intends to leave Macadorp soon and to establish the Transvaal capital at Nelspruit, in the mountains, a fine defensive region.

The state printing press is operating at Machadorp, producing leaflets containing war news for distribution among the Boers.

It is again reported at Lorenzo Marques that the British are advancing through Swaziland. General Roberts, it appears, however, countermanded the order given to Strathcona's horse to land on the coast and to penetrate the Transvaal through the Swazi country.

Mr. Schreiner, the Cape premier and his colleagues, have resigned and Sir Alfred Milner accepted their resignations. The London papers only recently abused Mr. Schreiner for making war preparations.

General Buller's casualties on June 10 were 26 killed, 126 wounded and 2 missing.

A meeting of women who object to the war was held at Queen's Hall on Wednesday evening. Mrs. Howard Courtney presided and Mrs. James Bryce moved a resolution declaring that the war resulted from the bad policy of the government. This and other antiwar resolutions were adopted. The meeting hissed Mr. Chamberlain's name vigorously.

M. H. Donohue, the Daily Mail's correspondent at Pretoria insists that President Kruger took £2,500,000 in gold in his flight.

A dispatch from Lisbon says: "The Portuguese government is again reported fearing that the Boers will again enter Delagoa bay territory when forced to retreat from Lydenburg. The Portuguese have only 1500 troops in East Africa and would be powerless to prevent an incursion."

Boys Coveted of Robbery.

Texarkana, Tex., June 14.—The Federal court of the southern district of Arkansas has convened here. The first case on the docket was that of two boys, Jet Allen and Ellis Cochran, charged with robbing the postoffice at Bright Star, Ark., several months ago, were found guilty, and each sentenced to 3 years in the reform school at Booneville, Mo.

A NARROW ESCAPE.

An Electric Car Runs at Full Speed Before a Freight.

Chicago, June 14.—With the motorman dead on the front platform, an Indiana avenue electric car, crowded with passengers, shot across the railroad track at Fortieth street just ahead of a freight train late Wednesday night and for three blocks ran at full speed with no one at the controlling lever.

The motorman, H. A. Morgan, had fallen helpless of heart disease, but the passengers did not realize their danger until after it was over and the car had been stopped by the conductor.

As the car approached the railroad crossing the conductor heard the sound of an approaching train. Looking ahead he saw by the signal lights that the gate was down. As the car failed to stop he pulled the bellrope and shouted to the motorman. He received no answer. The watchman at the crossing, thinking that the motorman had lost control of his car, raised the pates in hopes that the car would cross the tracks before the locomotive could dispute the right of way. His calculations were right, for the car just managed to clear the crossing in safety. The glaring light from the engine's headlight as it swept across the faces of the passengers and the unusual jarring in crossing the railroad tracks caused a panic in the car. As soon as the crossing had been passed, the conductor rushed to the front of the car and found the motorman dead on the platform.

Mrs. Gladstone Dead.

London, June 14.—Mrs. Gladstone, widow of W. E. Gladstone, the English statesman, died at 5:40 o'clock this afternoon after several weeks illness. She had been unconscious for three days.

MRS. GLADSTONE.

Passenger Trains Collide.

Atlanta, June 14.—Northbound passenger train and an incoming accommodation train on the Southern railway collided near Belt Junction, 10 miles from Atlanta. Reuben R. Mayfield, an engineer and William Davis, a flagman, were killed and eight trainmen were injured, some seriously hurt.

Dewey Pleased With His Trip.

Washington, June 14.—Beyond expressing gratification with the receptions accorded him everywhere in his recent trip, Admiral Dewey, who returned to Washington, declined to make any statement. He will remain at his country residence until June 25, when he will go to Newport.

Bookkeeper Drowned.

Fort Worth, Tex., June 14.—W. F. Lemond, bookkeeper for Neil P. Anderson, was drowned at Cold Springs. A party of friends were out on a fishing trip. A son of Lemond accidentally fell into the stream and in the effort of the father to save his son he was drowned.

Henderson Welcomed Home.

Dubuque, Ia., June 14.—Colonel Henderson, speaker of the house, arrived home Wednesday with his wife and secretary. He met a cordial welcome from all classes of citizens. He held a short levee and soon left for East Dubuque to see his daughter, Mrs. Peaslee.

Six Million Seeking Relief.

Simla, June 14.—Over 6,000,000 persons are now receiving relief. There was an increase in Bombay of 200,000 the last week owing to the return of destitute people who deserted the works on account of cholera scare.

Kansas Strike Ended.

Topeka, June 14.—The big coal strike in the southwest is practically ended, three of the Big Four companies having signed an agreement satisfactory to the miners. The men will receive an advance of 5 cents per ton on mine run coal.

Boy Fatally Burned.

Pekin, Ill., June 14.—The 4-year-old son of George W. Cunningham, state's attorney of Tazewell county, died from the effects of burns. The child was playing with matches when his waist caught fire.

Dynamiting Fish.

Denton, Tex., June 14.—There is considerable complaint from the county contiguous to Big Elm Folk, southeast of here, over the dynamiting of the fish and a gentleman here said the reports of explosions can be heard at almost any time.

Brynn Not Left Out.

Washington, June 14.—The president has appointed ex-Representative W. D. Brynn a member of the commission to codify the criminal laws of the United States, vice D. C. Culbertson, deceased.

Commissioner Boren Resigns.

Dallas, June 14.—B. N. Boren, fire commissioner of the city of Dallas, has tendered his resignation to the governor. Too much business of his own is the cause.

wood yard and grist mill.

I have put in a new grist mill at the old creamery and will grind every day in the week. I also want to buy all the dry, straight wood "contagious" to Bryan, and will pay the highest price for same. Wood delivered to any part of town in loads from 10 cents up. Positively will not credit anyone. Send your money by the driver or don't ask for wood.

B. H. KNOWLES.

NEW

Milinery!

I have just received a splendid New Stock of Spring Millinery, and have the latest shapes and fancies in HATS, also Dress Trimmings, Ribbons, Velvet, Battenburg and Lace Material. The ladies of Bryan and vicinity are invited to call.

Mrs. C. M. Proctor.

"Old Liza"

DRAY LINE, F. A. Lee, Proprietor. Good drays and polite draymen, prompt and careful work, are the claims upon which we solicit a share of your business in the future. Thanking those who have favored me in the past and hoping to continue to please them I am respectfully,

F. A. LEE.

Clark's

Barber Shop has been moved to east Main street between E. B. Knox and Exposition Saloons. LIVE AND LET LIVE Prices: Shave 10c, Hair Cut 25c, Shampoo 25c. Call and see me for first-class work.

A. T. CLARK.

To the public.

Economy is the only thing to get along in these days. From today on I am prepared to clean Wall Paper and Frescoes, no matter how soiled, dirty or black they may be and make them appear bright, fresh and like anew—my process can be used on all kinds of wall paper and leave no streaks or spots. What is the use of spending so much money when I can save you one hundred per cent and still have your rooms as good as new. I can sell you the "X-Ray" Lightning Transferring Process for transferring printed pictures to paper, cloth or dishes, and also your own photograph. Address your orders to

DO YOU SEW?

A little work can be done so easily and elegantly on a SINGER Sewing Machine

that you will find it a pleasure. If you do lots of sewing, you cannot at all afford to use the old heavy, awkward machines. THE SINGER has a shorter movement, shorter needle, and faster feed than any other.

The best Material

is used in the making of the SINGER, and it outlasts them all. The best attachments that do the finest work. This is why

Business is Rushing

and I am selling lots of them.

The Lock Stitch Drop Head, The Singer Automatic Drop Head,

Each the finest of its kind. The New Drop Head Automatic will interest you sure. Its doubtless the finest piece of machinery you ever saw. Ask me about it.
